PART No.

EHV-MPT###

Insulated Magnetic Pick-Up Tool

DESCRIPTION

- // Long handled for safe use when working near high voltage live circuits
- // Flexible shaft can be bent or straightened to help reach difficult spots
- // Used to retrieve nuts, bolts and other items from tight spaces
- // Manufactured from steel

INSULATION

Insulated according to IEC 60900
Usable up to 1000V AC / 1500V DC

This tool is also available as part of a kit.

NOTE: Use with caution. While the operator is fully insulated from the working end of the tool, any metal object being picked up can still short across live circuits
